

St. Thomas: Positioned For Growth

The Positioned for Growth Studies

We need to hear from you!
Provide your input on parks, recreation and culture in the City. Visit the project website for more details.

Planning Studies

Study Purpose: To evaluate and select the preferred settlement expansion area and facilitate/support the necessary Official Plan Amendment for the Urban Area Expansion.

Engineering Studies

Study Purpose: To support the selection of the preferred settlement expansion area and identify the infrastructure requirements needed to support its development.

Fire Station Location Study

Study Purpose: To review the City's fire stations and fire protection services delivery model to identify the most efficient and effective model to serve the City's planned Urban Area (including this settlement expansion area) and meet all current best practices and standards.

Parks & Recreation Master Plan

Study Purpose: To develop a community-supported plan that provides the policy framework to manage, serve and support residents and visitors with the needed parks, open space, trails, recreation and leisure recreation facilities, services and programming in a cost effective and proactive manner.
