Child Development at School Entry: Early Development Instrument (EDI)

The EDI is a 103-item questionnaire completed by kindergarten teachers that measures children’s ability to meet age appropriate developmental expectations in five general domains. Research has shown that early vulnerability predicts a child’s lifelong health, learning and behaviour.

There have been four complete cycles of the EDI in Ontario: Cycle I (2005/06), Cycle II (2008/09), Cycle III (2011/2012), Cycle IV (2014/15). Data for Cycle V of the EDI was collected in Spring 2018.

Children vulnerable in one or more domains of the EDI, by municipality (%)

Some municipalities have been grouped to protect confidentiality.

West Elgin County = West Elgin & Dutton/Dunwich

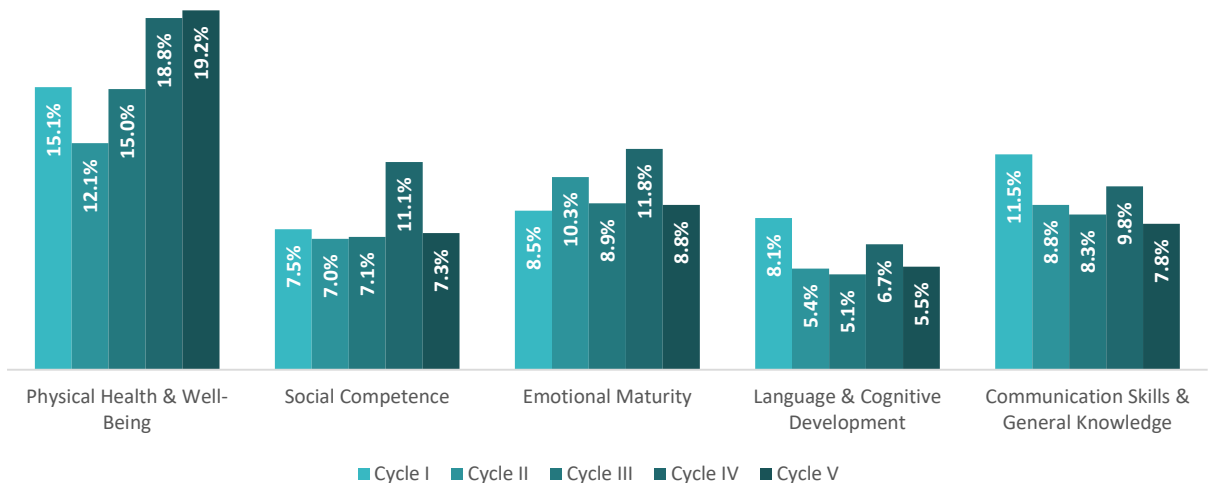

Central Elgin Count = Southwold & Central Elgin

East Elgin County = Malahide & Bayham

29.6%

of Ontario kindergarten children were vulnerable on one or more domain in Cycle V of the EDI

Children vulnerable by domain, Cycles I-V, Elgin County (%)

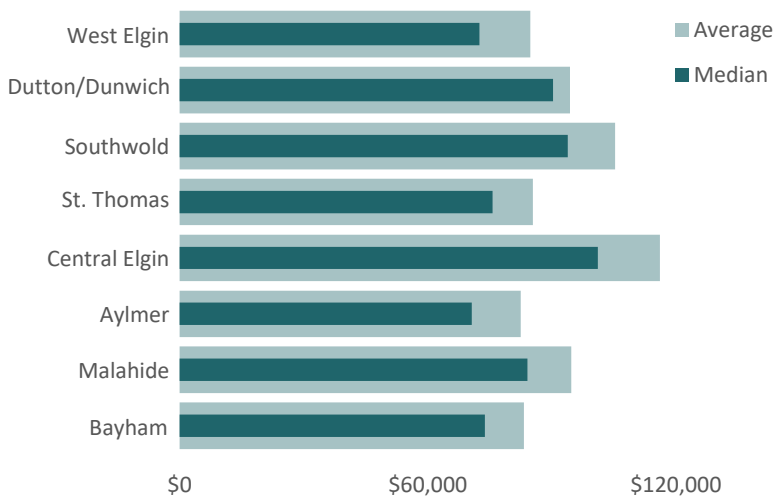

Malahide

Household income and financial security

\$16.57

Is the living wage calculated for St. Thomas & Elgin county in 2018/2019. This is the hourly rate needed for two income earners, working 35 hours per week year round to support a family of four with two children aged 3 and 7. This is **equivalent to a before-tax income of \$60,315 per family.**

Total income of families in Elgin County in 2015

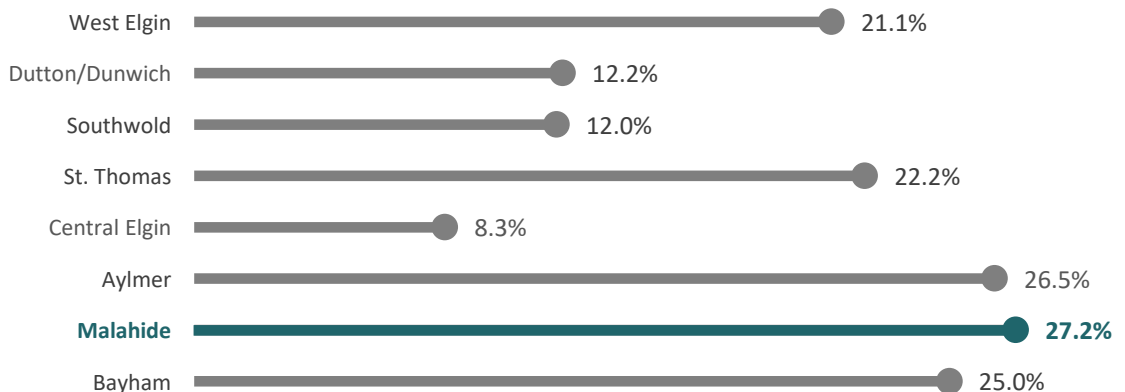

In Malahide, the median total income of families is \$84,128 and the average total income of families is \$94,663, **above both the median and average income for Elgin County.**

Large disparities between median and average income indicate greater income inequality within a population.

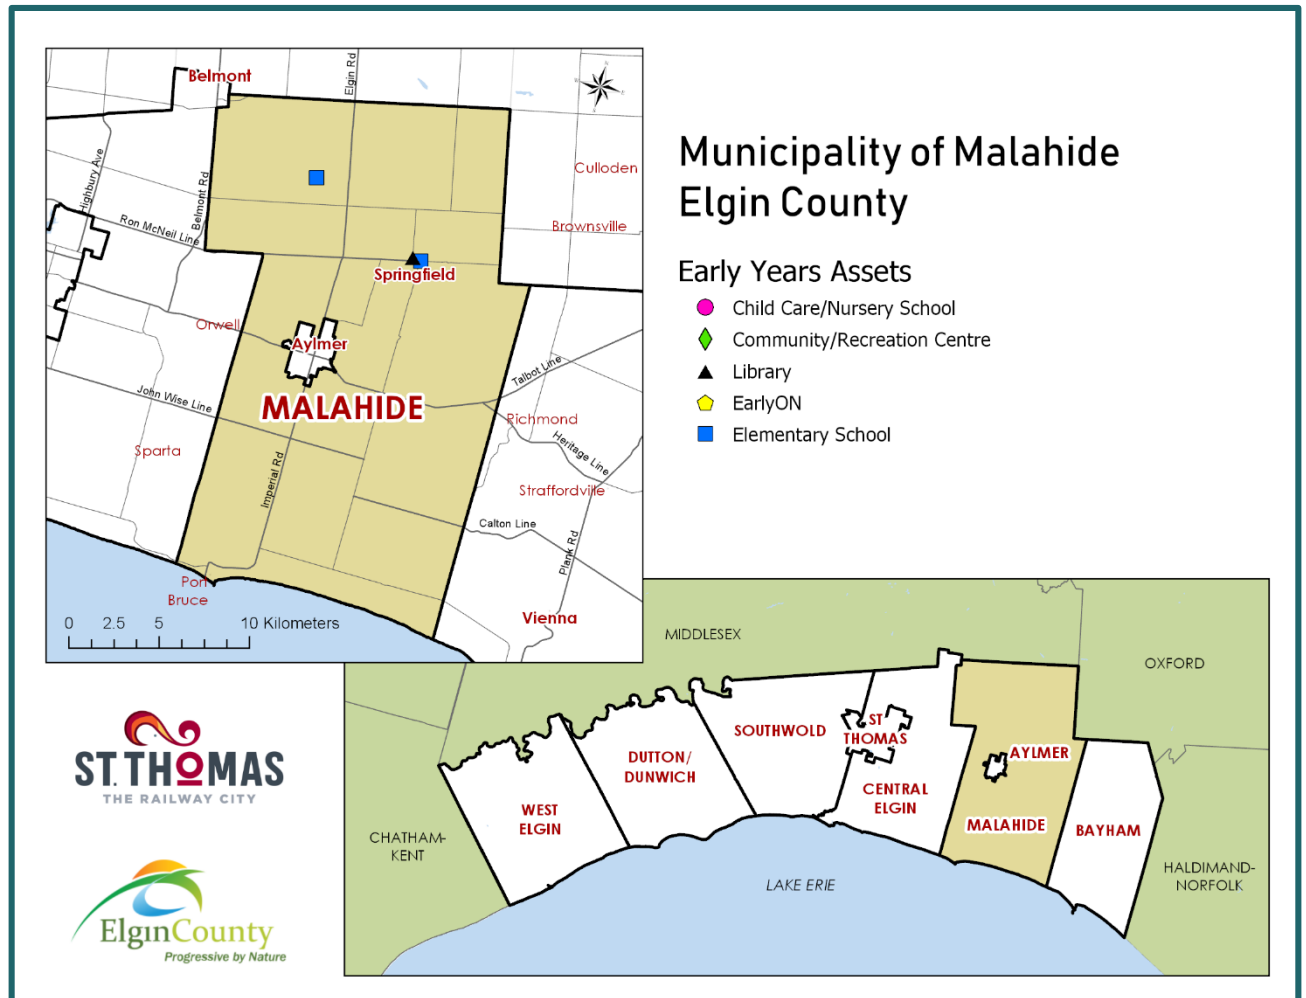

Malahide has **the highest prevalence (27.2%) of children ages 0-5 living in low income** in Elgin County. The rate is higher than both the prevalence for Ontario (19.8%) and Elgin County (21.4%) overall.

Prevalence of low income in Elgin County, ages 0-5 years (%) Based on the Low-income measure, after tax (LIM-AT)
