15 Flora Street Update - CIP Program Committee

Student Update

NEXT MEETING

April 13, 2022

ADJOURNMENT

Hello Jon,

Thank-you for your assistance in this matter.

My name is Paul Donelan and I live at 10 Centre St. in St. Thomas. Three months ago I noticed water penetration from the roof coming down an interior wall. Since then I have received 7 roofing quotes and at this time I would like to move forward with Stoll's as they offer a metal roof option. The metal roof is simply a superior product and it will ensure the protection of this property far beyond the protection offered by asphalt shingles.

Included with this e-mail are two pictures, one that shows the front of the house and the other indicates the colour and the type (see arrows).

If you have any questions I can be reached at 226 342-6423.

Regards,

Paul Donelan
