<b>Subject:</b> Heritage Alteration Permit for 648 Talbot Street – Syed Sibli Sadeque	
<p><b><u>ORIGIN:</u></b> An application has been submitted by Syed Sibli Sadeque for a heritage alteration permit to allow for a new retail tenant sign at 648 Talbot Street.</p> <p><b><u>PROPOSED HERITAGE ALTERATION PERMIT SUMMARY:</u></b> A new non-illuminated sign for “The Clay Oven”, is proposed to be erected on the side of the building in the location of the previous “Ansell’s” signs that exist on the building.</p> <p><b><u>HERITAGE CONSERVATION DISTRICT PLAN:</u></b> The property at 648 Talbot Street has been identified as a contributing resource within the Downtown St. Thomas Heritage Conservation District (HCD) Plan. As such, policies in Section 4.3 of the Heritage Conservation District Plan would apply for the review of a heritage alteration permit. Based on the proposed work, the policies related to Signage (4.3.2.8) would apply.</p> <p><u>Section 4.3.2.8 – Signage</u> The policies of this section require signage to adhere to the City of St. Thomas Signage By-law, for signage to be installed in a manner that avoids covering windows or important elements of the building façade, and to avoid internally illuminated signs.</p> <p>The applicant is proposing to erect signage on the building where signage existed for a previous tenant. The new signage would appear to cover the same area that was once used by Ansell’s Awards and Specialties and would not cover up any character defining elements. Further, as is provided in the application for permit, the sign will not be internally illuminated.</p> <p><b><u>STAFF COMMENT:</u></b> In my opinion, the proposed heritage alteration permit would be in keeping with the policies and guidelines of the Downtown St. Thomas Heritage Conservation District Plan as they relate to contributing buildings.</p> <p>Respectfully submitted,</p>  <hr style="width: 25%; margin-left: 0;"/> <p>Kevin McClure, MCIP, RPP Planner</p>

<b>Prepared by:</b> Kevin McClure, Planner	
<b>Subject:</b> Heritage Alteration Permit for 345-347 Talbot Street – Rick Leeson and Karen Sealy	
<p><b>ORIGIN:</b> An application has been submitted by Rick Leeson and Karen Sealy for a heritage alteration permit to allow for alterations to the second and third storey windows, painting of the architectural details about the second storey windows and alterations of the parapet at 345-347 Talbot Street. City staff consulted with the applicant on June 28, 2023 respecting the proposed heritage alteration permit. A formal application was received on June 28, 2023 and deemed complete on June 29, 2023.</p> <p><b>PROPOSED HERITAGE ALTERATION PERMIT SUMMARY:</b> The applicant is proposing to cap the existing wood window frames on second and third storey windows with black aluminum. Further the decorative detailing above the second storey windows is proposed to be reattached and painted black. Due to the deteriorating nature of the wooden parapet, the applicant is proposing to install black coping over the existing detailing similar to the adjacent property to the west.</p> <p><b>HERITAGE CONSERVATION DISTRICT PLAN:</b> The property at 345-347 Talbot Street has been identified as a contributing building within the Downtown St. Thomas Heritage Conservation District (HCD) Plan. As such, policies in Section 4.3 as they relate to contributing resources would apply for the review of a heritage alteration permit. Based on the proposed work, the Materials (4.3.2.4), Paint (4.3.2.5), Overcladding (4.3.2.6), Windows (4.3.2.9), and Roofs and Parapets (4.3.2.10) subsections would apply.</p> <p><u>4.3.2.4 Materials</u> The HCD Plan also provides direction with respect to materials in subsection 4.3.2.4. Based on the nature of the proposed work, the metal and woodwork policies and guidelines would appear to apply.</p> <p>In seeking to revitalize the façade of the building, the applicant intended to repaint the wood parapet detailing black to be consistent with the existing storefront and other updates that they are proposing. However, given the state of the wood, the applicant is seeking to cover it with black coping similar to the property to the west. The policies and guideline of this section speak to <i>“Retaining sound and repairable wood that contributes to the character of the building or HCD”, “Stabilize deteriorated wood by providing reinforcement and weather protection”, and “Replace decayed or damaged wood and find cause of deterioration where possible to avoid future damage”.</i></p> <p>In addition, there are metal decorative panels above the second-floor windows that are proposed to be secured to the building and painted black. The policies in this section speak to, <i>“Conserve historic metal features on front facades, Retain sound and repairable metals, Re-apply appropriate paint or coating to decrease corrosion rate, Stabilize deteriorated metals by reinforcement and weather protection”.</i></p> <p><u>4.3.2.5 Paint</u> No previously unpainted brick surfaces are proposed to be painted in the proposal. The only policy within this subsection states, <i>“avoid painting masonry surfaces including brick as it prevents the proper drying of the brick and ultimately damages the masonry”.</i> However, there are guidelines that speak to colour selection within the HCD area and choosing colours that complement the character of the HCD. The applicant proposing to paint the metal decorative panels black to be consistent with the storefront façade.</p> <p><u>4.3.2.6 Overcladding</u> There is a policy within subsection 4.3.2.6 that speaks to the avoidance of <i>“covering up original facades and elements with materials that do not compliment the HCD, drastically change the look of the building, damage the original materials and create “blank walls”.</i> The applicant is not proposing overcladding over the entirety of the façade and would not be creating a “blank wall”, however, they are proposing to cover the existing architectural detailing of the parapet due to its deterioration. Further, the existing wood window casing is proposed to be capped with black aluminum, including the upper portion of the second storey window opening that is currently wood to update the look of the building.</p>	

4.3.2.9 Windows

The policies of this section speak to the conservation or repair of original windows, discouraging the replacement of original windows with contemporary windows that are radically different than the original, and the retention of original wood framed windows wherever possible. While there is a policy to allow for the replacement of contemporary windows with other contemporary windows, the original shape and opening of the window is to be maintained.

Based on the direction of this section, the maintenance and repair of the existing wood windows would be preferred compared to the covering of the wood with aluminum capping as proposed.

4.3.2.10 Roofs and Parapets

The roofs and parapets subsection of the HCD Plan recognizes how these elements provide an important part of the character of the streetscape. A policy of this subsection provides, "*conserve, maintain and restore character defining roof and parapet features and original historic roofing materials*". As noted in the permit summary, the applicant is proposing to cap the parapet with black coping to address the deterioration of the wood.

**STAFF COMMENT:**

Through the consultation process, Staff raised concerns with respect to the work that was being proposed and noted that the Municipal Heritage Committee may have similar concerns should an application proceed as submitted. It was provided by the applicant that similar works have occurred along Talbot Street in the past and they would be seeking similar permissions. As such, the owners have submitted the attached application and are requesting consideration from the Committee.

Respectfully submitted,

---

In addition to the application fees listed in this application package, please note that where the City requires assistance from its solicitors or other technical or professional consultants in the processing of this application, the applicant shall be responsible for reimbursing all fees incurred by the City.

**\*Please note, Appendix B must be completed by the owner, not the authorized agent.**

*RICK LERSON*  
I, KAREN SEELY, am the **owner** of the subject lands, and I understand that further fees may be incurred by the City throughout the planning process and that I am responsible for reimbursing all fees.
