How will Construction Impact You?

Traffic: The roadway will be closed to through traffic during construction, but will remain open to local traffic at all times. Due to the nature of this work, there will be times during the project when driveway access will be limited or restricted for a short period of time. Advance notice of driveway impacts will be provided when possible.

Vibration: Construction equipment can cause vibrations. Please ensure you protect any valuables susceptible to damage.

Garbage/Recycling Collection: Access for garbage/recycling collection will be maintained when possible. In the event there is a disruption, the contractor will pick up your garbage (where you usually leave it) and move it to a location it can be picked up at. Please mark your municipal address on all containers.

Safety: Stay safe and avoid the work area during construction. Maintain a safe distance from construction vehicles entering and leaving the site.
