Valleyview Update to Resident Families

Good Morning,

I want to reassure you, the families of our residents, that all of our residents are doing well. They are of course wishing that you could visit but understand the reason why you cannot at this time.

We are putting together an e-mail list to communicate with you. If you would like to be part of this, please contact Valleyview at (519) 631-1030 ext 301 or email us at mmcmullen@stthomas.ca .

We hope to send out a small message several times a week of what is happening at Valleyview, and other pieces of information which may be helpful to you.

Thank you for your understanding and cooperation as we protect our residents during this pandemic.

Respectfully,

Michael Carroll
Administrator
