

Battery Recycling

The program is intended for the FREE collection of all types of batteries from the public including single use and rechargeable batteries. Simply drop off any used batteries in the designated collection boxes at locations listed below during their regular operating hours.

Acceptable batteries include:

All sizes of alkaline sealed cell batteries, lithium ion, nickel metal hydride, nickel cadmium, primary lithium and mercury batteries. Batteries greater than 1kg (ex. automotive batteries) are **not** accepted.

The collection displays have been placed in the following locations:

City Hall (Talbot St. Entrance) – 545 Talbot Street

Timken Centre – 2 Third Avenue

Senior's Centre – 225 Chestnut Street

BFI Transfer Station – 40218 Bush Line

For more information regarding waste management please contact the Environmental Services department at 519-631-1680 ext. 4258
