Report No.
CC-19-06

File No.

Directed to: Chairman H. Chapman and Members of the Planning Committee

Date
March 27, 2006

Department: City Clerks Department

Attachment

Prepared By: Wendell Graves, City Clerk

Subject: CIP Application 2005- 034 : 284 - 286 Talbot Street

Recommendation:

THAT: Report CC-19-06 be received for information, and further,

THAT: The City enter into a Façade Loan Agreement and a Residential Loan Agreement with Jason Patry for a CIP Project at 284 - 286 Talbot.

Background:

The applicant, Jason Patry, is intending to undertake significant renovations to this property. This project was identified as part of the 2005 CIP program. While the funds were allocated in 2005 approvals are now in place for the project and the applicant is in receipt of a building permit.

The scope of work includes:

Rehabilitation of 13 apartment units.
Restoration / improvements to the façade.

Total project costs have been identified at : \$285,722.18

Contributions of the CIP program include:

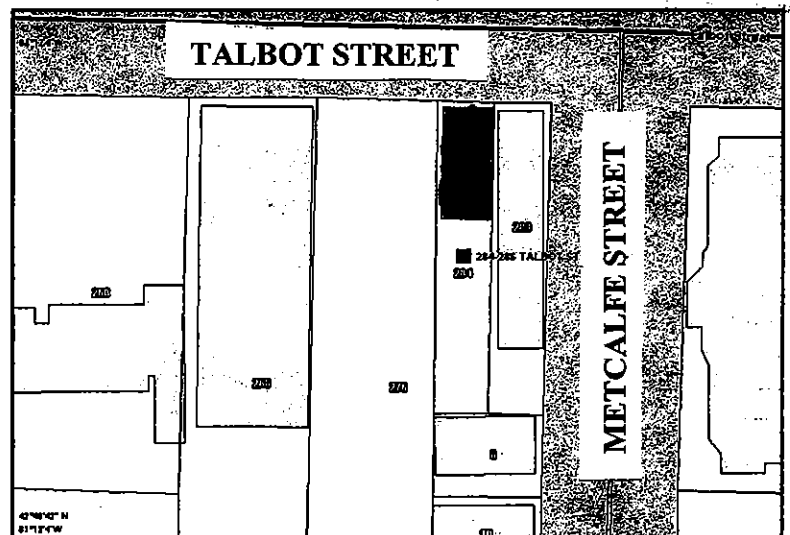

Façade Loan: \$ 6,750.00
Façade Grant: \$10,000.00

Residential Loan: \$80,000.00
Residential Grant: \$40,000.00

Following successful completion of the project and the submission the required documentation, the agreements will be processed for the grant portion of the CIP program.

Respectfully,

W. Graves, City Clerk

Prepared By: Dave White, Supervisor of Roads & Transportation

Attachment

Subject: Tender No. 06-606 – Vacuum Road Sweeper – Tender Award

RECOMMENDATION

It is recommended that:

1. The tender submitted by Champion Road Machinery Sales for a Vacuum Road Sweeper for the purchase price of \$172,040.00 (including taxes) be accepted, noting that this was the lowest tender submission received.
2. A by-law be prepared to authorize this tender award.

Report:

Origin

In a previous analysis, the replacement cost for the existing road sweeper unit was estimated at \$200,000.00. In 2005 Council approved \$100,000.00 of the total required funding for the replacement of the existing 1993 road sweeper. In 2006 Council approved an additional \$100,000.00 within the part 1 Capital submission provided by Environmental Services. The total approved funding for this replacement is a maximum of \$200,000.00.

Analysis

On February 10, 2006 the Purchasing Department issued Tender No. 06-606. The tender was advertised in the Times Journal on Saturday February 18, 2006 and was sent directly to a number of known providers.

- Vquip (no bid)
- Sweeprite Manufacturing Inc. (no bid)
- Joe Johnson Equipment (received bid)
- Amaco Equipment (no bid)
- The Equipment Specialists (received bid)
- Champion Road Machinery Sales (received bid)

The tender closed on March 8, 2006 at 2:00 p.m. Three bids were received by the time of closing.

The following is the total unit price comparison including trade-in:

CORPORATION OF THE CITY OF ST. THOMAS TENDER# 06-606 – ONE (1) VACUUM ROAD SWEEPER WITH BROOM ASSIST TENDER DUE: Wednesday, March 8, 2006 – 2:00:00 P.M. (local time)		
	BIDDER	TOTAL TENDERED PRICE (Includes Trade-Ins)
1	Champion Road Machinery Sales	\$ 172, 040.00
2	Joe Johnson Equipment Inc.	\$ 179, 691.50
3	The Equipment Specialist Inc.	\$ 264, 356.25

The submission from Equipment Specialist Inc. was approximately \$65,000.00 over the \$200,000.00 budget and was not considered further. With a \$7,651.00 difference in overall prices between Champion and Joe Johnson with trade-in, it was decided that an evaluation be undertaken of these two units and a demonstration of the units was in order. A group of staff including operators, mechanics, and management staff have reviewed the units and have assessed the bids further.

Additional considerations by the group were;

- total unit price without trade-in
- other options for selling of the existing equipment (expected value of unit)
- tender/bid performance
- maintenance/operating factors and preferences
- reference check
- warranty

Overall, the evaluation group came to the conclusion that the lowest bid submitted should be recommended for the award of the purchase.

Financial Implications:

Costs associated with this vehicle purchase is well within the allocations approved in the 2005 and 2006 Capital Budgets for this purpose.

Respectfully submitted

- Notice of Payment by the Province of Ontario of a one-time funding for Roads and Bridges under the Ontario Move initiative
- Excerpt from Website referencing the initiative in the Ontario 2006 budget

Subject: Move Ontario – Roads and Bridges Funding

Recommendation:

- That the payment by the Province of Ontario of a one time investment of \$1,412,434 to the City of St. Thomas under the Move Ontario initiative be used to fund the municipal roads and bridge projects as outlined in report ES44-06.
- That a detailed cost summary of these municipal roads and bridge projects be prepared for report back and approval by City Council.

Origin

On March 30, 2006, the City of St. Thomas received a one-time grant of \$1,412,434 under the Move Ontario initiative for City roads and bridges.

Analysis

Upon review of the attached announcement and Notice of Payment by the Province and the preliminary understanding that the proposed funds need to be used by the benefitting Municipalities in the near future (1 year subject to confirmation) the following projects are being recommended for implementation through use of the funds that are being made available to the City under the Move Ontario initiative.

1. Talbot Street/CASO Bridge – Rehabilitation of the existing bridge

A Class Environmental Assessment Study project was completed during 2004. The following options were reviewed in detail as part of this study project

- i. Rehabilitation of the existing bridge
- ii. Removal of the bridge deck and replacement with an earth embankment and pedestrian walkway culvert.
- iii. Removal of the entire bridge and the lowering of the Talbot Street road profile on both bridge approaches to create a level crossing of Talbot Street at the CASO corridor.

As confirmed through the preparation of previous reports to City Council, to-date the implementation of option 2., as the preferred alternative, has been pursued by the City. The preference of this option has been based primarily on the opportunity to eliminate a bridge structure from the City's bridge inventory, thereby avoiding future bridge repair and maintenance costs. However, the approval by CN/CP, as owners of the CASO property, has not been forthcoming and also, the cost estimate of this option has risen significantly during the preparation of the final engineering design of this option.

As a result and to achieve a due diligence action on the part of the City, as owner of this deteriorating bridge structure, it is recommended that the implementation of option 1 noted above be pursued and that a component of the Move Ontario funds be allocated towards the rehabilitation of this bridge (deck repairs including waterproofing, rehabilitation of all deteriorated/spalled concrete areas, abutment repairs and railing replacement).

2. Road Resurfacing Projects

Report E23-06 provided Council with an overview of the current roadway resurfacing needs (27km of roads rated as deficient and 26km of roads rated as poor). As requested by Council, Environmental Services Staff is currently preparing a supplementary detailed list of road

-10-

resurfacing projects for implementation in the near future, divided in the following 3 categories:

- i. Road resurfacing only
- ii. Road reconstruction integrated with other capital infrastructure needs
- iii. Road reconstruction integrated with other capital infrastructure needs, BUT at least 10 to 15 years away due to any restrictions, such as funding limitations or issues such as lack of a storm outlet. Therefore the road resurfacing project should proceed now due to the deficient roadway conditions.

The list of road resurfacing projects that will be recommended for implementation and funding under the Move Ontario initiative will be sourced from the above noted categories 1 and 3 projects.

3. Conversion of the City's traffic signal lights to LED (light emitting diodes)

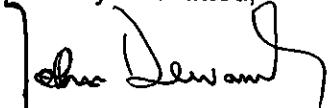

This project was included in the 2006 capital budget submission (Part 2). The original request of \$200,000 was reduced to \$67,000, however it would be very worthwhile to increase the currently approved funding amount, using this Provincial funding source, since the LED lights create a very significant energy savings (8,000 kwh/intersection/year), they last up to 10 times longer and therefore create a cost savings of \$400/intersection/year and a significant reduction in maintenance costs. The overall pay back period of this energy savings investment is in the order of 3.5 years

4. Replacement of aged and unreliable traffic controllers at signalized intersections

As reported previously, there continues to be a backlog of traffic controllers that need to be replaced to enhance system reliability. A portion of the Provincial funds would assist with the replacement of such controllers.

Upon review by Council of the above suggested categories of projects which would benefit from the Provincial investment funds that are being made available under the Move Ontario initiative and subject to the receipt of any other suggested category of projects by the Members, the concurrence with the above noted outline of project types is respectfully requested. Upon receipt of Council's concurrence, an itemized list of the individual projects, including project locations and cost estimates will be prepared for approval at the Council meeting of April 18, 2006.

Respectfully Submitted,

John Dewancker, P.Eng.,
Director, Environmental Services

Roads and Bridges Funding
March 2006 Notice of Payment

Ontario

City of St Thomas

44101

*cc: J.D.
rec'd MARCH 30/06*

One-time Roads and Bridges Funding	\$1,412,434
---	--------------------

Note

Under Move Ontario, the government is making an immediate, one-time investment of \$400 million to help municipalities primarily outside of the GTA - with emphasis on rural and northern communities - invest in municipal roads and bridges. Municipalities will determine their own roads and bridges priorities.

Key Data Inputs

Population	33,236
RSCM	0.0%

Data Sources

Population	2001 Census, Statistics Canada.
RSCM	The Rural and Small Community Measure represents the proportion of a municipality's population residing in areas classified by Statistics Canada as being rural or small communities.

2006 Budget Builds Opportunity for Ontarians

The McGuinty government's third Budget continues to strengthen Ontario's economic advantage by strengthening its people and investing in their priorities.

Highlights of the 2006 Budget include:

- Move Ontario — a new \$1.2 billion investment in transit, roads and bridges;
- No new taxes or tax increases;
- Investing an additional \$1.9 billion in health, including increasing the number of Family Health Teams and reducing wait times;
- \$30 million by 2008–09 to fund the purchase of insulin pumps and related supplies for about 6,500 children with Type 1 diabetes;
- \$7 million annually to enhance newborn screening and support the creation of a new screening facility at the Children's Hospital of Eastern Ontario;
- Expanding breast screening for women between ages 50 and 74;
- An additional \$218 million in 2006–07 to help at-risk youth and vulnerable adults and families;
- Ensuring more postsecondary students qualify for upfront grants by doubling the family income threshold for a family with two children to \$75,000;
- Covering the full cost of books for 138,000 students — 75 per cent of all student aid recipients;
- Increasing funding for school boards in 2006–07 by \$424 million to help support smaller JK to Grade 3 class sizes and higher literacy and math scores for Grades 3 and 6
- A projected interim deficit of \$1.4 billion for 2005–06, down 75 per cent from the \$5.5 billion inherited in 2003–04. The budget will be balanced in 2008–09 at the latest, or a year earlier if the reserve is not required.

Move Ontario: Strengthening Ontario's Transportation Infrastructure

Move Ontario, a new \$1.2 billion investment in transit, roads and bridges, including:

- \$400 million for municipal roads and bridges — primarily outside the GTA — with emphasis on rural and northern communities;
- \$670 million to allow Toronto and York Region to extend the subway to the Vaughan Corporate Centre at Highway 7;
- \$95 million to allow Brampton to make dedicated bus lanes available through the Brampton AcceleRide project;
- \$65 million to allow Mississauga to develop the Mississauga Transitway, a separate bus right-of-way with 14 stations;
- \$7 million for the planning of Phase II of VIVA Transit in York Region;
- \$1 million towards an environmental assessment relating to the future of the Scarborough subway.

Other investments include:

- Improved border crossings — \$300 million in the Windsor Gateway and \$323 million in Niagara and Sarnia;
- A total of \$3.4 billion for highways in southern Ontario and \$1.8 billion for highways in northern Ontario.

A Strong Economy

Almost 200,000 net new jobs have been created in Ontario since October 2003. The 2006 Budget builds on Ontario's economic strength through:

- The intention to eliminate the capital tax sooner — in 2010 — if the fiscal plan allows, starting with a proposed five per cent rate cut in 2007 — two years earlier than planned;
- Investing \$1.7 billion in research and commercialization over five years through the new Ministry of Research and Innovation;
- The \$6.2 billion Reaching Higher Investment in postsecondary education;
- Creating a \$2.1 billion Jobs and Skills Renewal Strategy to expand services for the unemployed, underemployed, new Canadians, the working poor and social assistance recipients;
- Support for entertainment and cultural industries, including \$49 million in capital support for major cultural agencies, plus proposals to improve tax credits;
- Targeting investments to other key sectors, including forestry, mining and agriculture;
- Support for municipalities, through Move Ontario, plus \$2.4 billion in low-cost, long-term loans, \$300 million to support land ambulance services and more than \$1.4 billion in gas tax revenues over five years;
- The government's comprehensive energy plan, which provides for one of North America's most ambitious building programs for electricity generation, adding 11,000 megawatts of supply and conservation over the next five years;
- Support for manufacturing through the Ontario Automotive Investment Strategy and \$500 million through the Advanced Manufacturing Investment Strategy.

Richard Beachey, Deputy City Clerk

Subject:

By-Law Enforcement Staff

RECOMMENDATION

That Council approve the hiring of a By-law Enforcement Officer II

ORIGIN

In November 2005, the greatly increased level of activity in the animal control function was reported to Council with a suggestion that additional staff be hired for 2006.

ANALYSIS

The annual Animal Control report for 2005 demonstrated the increased demand for services. While the majority of the work will be in the Animal Control area, the position is flexible and will allow the person to undertake required duties in all by-law function areas.

FINANCIAL CONSIDERATIONS

The appropriate funding requirements have been placed in the budget. For the current year \$25,000 in wages has been budgeted.

ALTERNATIVES

The Committee may:

1. Hire a By-law Enforcement Officer II.
2. Not hire a By-law Enforcement Officer II.

Respectfully,

Richard Beachey, Deputy City Clerk

Prepared By: Richard Beachey, Deputy City Clerk

- e-mail from citizen regarding shelter hours

Subject: Animal Control and By-law activity

RECOMMENDATION

That report CC 48-05 in regards to the Animal Control and By-Law Activity be received as information.

ORIGIN

As a result from an inquiry from a citizen regarding animal shelter hours, a report on activity and staffing requirements has been prepared.

ANALYSIS

So far the year 2005 has been another busy one for the by-law service. Although the actual level of activity has been reduced from 2004, there has been an increase in required real time information from what has been provided in the past. As the members know, a required response time and follow up period was instituted in mid summer by the Management Board. This new format required by-law officers to put on line immediately upon responding to a request any pertinent information. This new requirement was followed up in the event there was no on line documentation. This procedure did not exist prior to last summer and requires line staff to spend time doing documentation. The contract assistant provided to the by-law staff has spent between 5% and 10% of her time performing the new documentation requirement.

In the animal control function, there has been a request for additional open hours of the shelter. The request is attached. Staff has also become aware that there is a concern about the times the shelter is closed while the duty person may be on a call, on an appointment or on lunch.

There is also a concern by enforcement staff about responding to animal control requests either on a call out basis or by appointment, where due to the service level, this response is made alone. The concern is focused around health and safety where one person only is responding.

In the general by-law function, there has been an increase in cleanups that have resulted from compliance investigations. As noted in a previous report, the pro-active approach that was undertaken this year cannot be used, but rather an individual notice will be required for each cleanup. This will involve additional resources in preparing and delivering these individual notices. The efforts of all staff in achieving the residents needs are to be commended.

Briefly, to the point of writing this report, 327 complaints that are by-law related (animal control, parking, or general by-law matters) have been received. To this point last year 394 requests were made.

In light of the increased requirement for real time enforcement information, an increase in follow up compliance orders issued to violators, and request for additional shelter hours, additional shelter staffing should be considered for 2006. This staffing would also perform by-law matters.

By-Law Complaint Activity

	2003	2004	2005
To date (October 22)		394	327
For Year	293	439	

The annual report for Animal Control Service will be provided as usual in early 2006.

Financial Considerations

An additional position in animal control will require a re-allocation of existing By-law function resources.

Existing resources within the By-law and animal control budgets could be re-allocated resulting in \$48,000 being made available for the position. This would impose no new levy requirements.

At Step 1 for Band "D" a new full time position for a full year would cost \$44,792. It is expected that based on timing for budget approval, a cost for 2006 would be somewhat less.

Respectfully,

Richard Beachey, Deputy City Clerk
City Clerk's Department

Subject: **Animal Control Service 2005**

RECOMMENDATION

That report CC 07-06 in regards to the operation of the Animal Control Service during 2005 be received as information.

ANALYSIS

The year 2005 was another very busy year for the City's Animal Control Service. Animals were admitted at the Animal Control Centre throughout the year. It was particularly busy in mid November when the service had over 20 cats at one time. There was also two occasions during the year when the number of dogs held at the pound at one time exceeded twelve. Overall, the volume of the impounded animals increased for dogs and decreased for cats from 2004. The actual volume was: Dogs - (2003) 293, (2004) 399, (2005) 427; Cats - (2003) 218, (2004) 440, (2005) 366. The increased volume has made call in assistance necessary. Ninety four formal telephone complaints were written up as well as numerous telephone enquires and concerns were addressed by the animal control staff. Serious dog bites were investigated by staff.

The breakdown of the animals taken into the control centre is as follows:

D O G S		C A T S	
St. Thomas	202	St. Thomas	366
Other Municipalities	225		
TOTAL	427	TOTAL	366
Claimed by Owners – or redeemed by Animal Aide	239	Claimed by Owners – or redeemed by Animal Aide	317
Available for Adoption	172	Available for Adoption	31
Euthanized	16	Euthanized	18

Any animals euthanized showed signs of an aggressive nature or were at the request of the owners. Most of these animals were euthanized under the direction of Animal Aide. Numerous wild animals such as squirrels, raccoons and rabbits were also euthanized as a result of severe injuries suffered by motor vehicle collisions or sickness.

Animal Bites

The hospital and medical practitioners are required to report all animal bites to the Elgin – St. Thomas Health Unit. The table below show the number of animal bites in the City for 2005.

	Domestic Dog	Stray Dogs	Domestic Cats	Stray Cats	Bats	Other Animals
2005	74	2	38	3	24	5

If more space is required for any response, please add additional sheet(s).

1. When was this position created? (Approximate if unknown)

March 28, 2006

2. What were the reasons for creating this position?

As described in report (attached) CC-48-05. To maintain current service level, this position is required

3. Are there Legislative or contractual obligations covering the staffing of this position?

Yes, Local 841 agreement

4. Was alternate assignment of duties examined?

☐ Yes ☒ No

If yes, where and why not appropriate?

If no, why not?

Increase in activity and statutory and service requirements of other positions in general by-law and parking enforcement.

5. Can position be covered by other existing staff or by use of temporary staff?

Yes ☐ No ☒

If yes, by which position and for how long?

If no, why not?

Due to year round increases in activity, contract staffing is not appropriate.

6. What is the potential opportunity for re-organizing and/or re-assigning duties to declare this or a subsequent position redundant?

Due to increases in activity, this potential is not foreseen

7. What are the consequences of not filling this vacancy?

a. For a specified period of time?

Much reduced ability to meet the service demands of the public resulting in increased complaints about service response.

b. Permanently?

Inability to meet workload requirements due to volume increase

8. Can this position be filled by a lower paid position?

[] Yes [x] No

If yes, please elaborate

If no, why not?

Position has been costed at the lowest bargaining unit rate available.

9. Recommended action:

That a By-law Enforcement Officer II, primary function - animal control be added to the staff complement of the by-law service function.

Appendix "A"
2005-2006 Facility Rental Permit
Appendix "B"
Recommended 2006-2007 Facility
Rental Permit

Prepared By: William J. Day, City Treasurer

Subject: Junior B Stars Hockey Club – 2006-2007 Facility Rental Permit

Recommendation:

In connection with report TR 20-06 it is recommended that Council authorize administration to issue the 2006-2007 Facility Rental Permit (Appendix B) to the St. Thomas Junior B Stars Hockey Club for the use of the Community Centre Complex.

Background:

The St. Thomas Junior B Stars Hockey Club currently operate their program at the Community Centre Complex under the terms of the 2005-2006 Facility Rental Permit (see Appendix "A")

Comments:

We have attached Appendix "B" as our proposed Facility Rental Permit for the 2006-2007 season.

The proposed permit provides for the same support to the Club by the City as has been provided in the past, except for the following two changes:

- Clause 23 of the proposed permit references the sharing of gate receipts – The previous permit referenced both "gate receipts" and "gate profits" and has been a source of contention. The calculation of gate profits would be problematic. Furthermore, we cannot imagine the Club ever achieving \$41,000 in gate profits. It is our view that the original spirit of the relationship was to share gross gate receipts beyond the stated \$41,000 threshold.
- Interest on outstanding account balances – The proposed permit (Clause 25) makes it clear that the City will charge interest on outstanding account balances. In our view the general taxpayer should not act as a financier for the Club's operations. The inclusion of this clause will help to ensure that the Club stays current with their account.

Respectfully submitted,

W. J. Day
Director of Finance and City Treasurer

THE CORPORATION OF THE CITY OF ST. THOMAS
2005-06 FACILITY PERMIT

*This Permit is issued to **St. Thomas Junior B Stars Hockey Club**
Group Name
for the use of the ice facilities
of Memorial Arena and the St. Thomas Community Complex.*

This permit is conditional upon full compliance of the permit-holder with all permit terms.

2005-06 Permit Terms:

1. Facility Permit – this permit will be the only document issued to confirm all terms in this matter
2. Any arrangements for non-ice facilities will be the subject of a separate permit
3. Ice Facility Permit duration: September 1, 2005 to March 31, 2006 (note: regular weekly hours may be affected by a delayed opening of the new facility).
4. Additional ice requirements beyond March 31, 2006 must be requested in writing and approved by the Manager of Culture and Recreation, and will be the subject of a separate permit
5. **The City reserves the right to shorten the permit-holder's season, alter hours, or change facility assignment, as determined by program/facility requirements**
6. Council-approved Permit Fee: **\$115.00 + GST** per hour
7. Ice use is based on a "50-minute" hour, with ice flood during the subsequent 10 minutes
8. When deemed necessary by facilities staff, any supplementary ice repair due to the permit-holder's use will be performed during an extended maintenance period to ensure a safe ice surface, with a corresponding reduction in the minutes of ice use within the permit-holder's hour.
9. The current permit fee shall include the use of dressing room(s), score clock, sound system (if requested), and two hockey nets if required
10. Pre-season deposit equal to the first and last months' fees shall be due at the time of signing this permit. Amount: **\$ 8,859.60 includes GST**
11. Any balance owing for those months and the fees for the remaining months of the season will be invoiced by the City
12. Base number of regular weekly hours contained in this permit: (see attached list)
13. Any reduction in regular Fall/Winter season requirements shall be submitted in writing by the permit-holder no later than: **August 15, 2005**
14. All/any changes to the confirmed regular weekly hours related to this permit must be received by the Manager of Culture and Recreation **in writing** (fax and emails are acceptable)
15. **Ice Cancellations:** After September 1, 2005, the permit-holder may return ice to the City by providing one week's written notice of the date(s) in question, but will be responsible for the fees associated with any cancelled ice time that is not rebooked by the City

THE CORPORATION OF THE CITY OF ST. THOMAS
2005-06 FACILITY PERMIT

This Permit is issued to St. Thomas Junior B Stars Hockey Club
 Group Name
 for the use of the ice facilities
 of Memorial Arena and the St. Thomas Community Complex.

16. The permit-holder will not be responsible for payment for ice cancellations due to inclement weather or facility-related shutdown. In the event of any such shutdown cancellation, waiver of the hourly fee shall be the full extent of the City's liability and the permit holder acknowledges that the City shall not be liable for any consequential losses or other damages whatsoever arising from the cancellation.
17. The permit-holder may be offered additional ice times when available, at additional fees
18. The permit-holder acknowledges receiving from the City the list of all unavailable dates for the upcoming season, if any, by July 31, 2005
19. The permit-holder acknowledges that the City has sole responsibility for booking the ice facilities and related facilities
20. The permit-holder does not have the right to assign this permit or the permit holder's allocated ice time, nor to authorize the use of ice facilities and related facilities by any other group
21. **Consumption of alcoholic beverages on the premises of the ice facilities is strictly prohibited.**
22. The permit-holder throughout the duration of this permit will maintain liability insurance coverage in the amount of \$2 million, naming the City as an additional insured, and will provide proof of such coverage upon signing this permit and at any time upon request
23. Continued use of ice facilities named in this permit is dependent on all the permit-holder's accounts with the City of St. Thomas remaining in current and good standing
24. This permit is subject to revocation at any time by the City for failure to comply with any of the above conditions
25. Until the City receives further written notice of revised contact information, all notices (including notice of revocation) and communications from the City regarding matters covered by this permit will be properly served on the permit- holder if forwarded or delivered to the following authorized contact person

Report No.
TR-19-06

File No.

Directed to: Chairman C. Barwick and Members of the
Finance & Administration Committee

Date
April 10, 2006

Department: Treasury

Prepared By: Tracy Johnson, Manager of Accounting

Attachment
Schedules A, B & C

Subject: Development Charges – Annual Legislated Reporting

Recommendation:

THAT: Report TR-19-06 be received;

AND THAT: Schedules A & B be approved for submission to the Ministry of Municipal Affairs and Housing in accordance with Section 43(3) of Bill 98.

Report:

Section 43 (1) of Bill 98, being an Act (the "Act") to promote job creation and increased municipal accountability while providing for the recovery of development costs related to new growth, specifies that "the Treasurer shall each year on or before such date as the council of the municipality may direct, give the council a financial statement relating to development charge by-laws and reserve funds established under Section 33 of the "Act". Requirements for inclusion in the statement are found in Section 43(2) of the "act" and in Section 12 of Regulation 82/98.

For ease of understanding, development charge collections under by-law 59-2003 are at the individual building permit stage. These are listed on Schedule C. Those building permits listed with no development charge collection represent development that is exempt from such charges. Exemptions are found in the "Act" or are at the preference of the City, and include development for the purposes of Industrial usage, hospital, college, university and places of worship, development on lands owned by a municipality or board of education, and redevelopment of land and enlargement of existing dwelling units under certain conditions. Collections under the remaining by-laws are currently at the sub-division stage and are listed and reconciled on Schedule B.

Schedule C is not required to be submitted to the Ministry and is provided here for Members information only.

Staff are pleased to address any questions Members may have on this matter.

Respectfully,

Tracy Johnson,
Manager of Accounting

**ST. THOMAS ECONOMIC DEVELOPMENT
CORPORATION**

EXTRACT FROM THE MINUTES OF the third meeting of the Board of Directors
HELD ON March 13, 2006.

**TO: W. Graves, City Clerk
J. Dewancker, Director of Environmental Services
B. Day, City Treasurer
J. Foster, Chief Building Official**

Continued Capping of Building Permit Fees for Industrial Uses – Appendix “E”

The Members were supplied with a report from Economic Development Officer. The General Manager reviewed the report with the Members. The following motion was presented.

Motion by Mr. Coutts – Alderman Turvey:

THAT: The industrial building permit fees remain capped at a maximum of \$25,000 for an additional 3 years. Furthermore, that at the end of this 3 year period the capping provision be revisited to assess any needed revisions.

Carried.

Secretary

**To: Mr. Al Riddell, President and Directors of the
St. Thomas Economic Development Corporation**

Date: March 8, 2006

From: Sean Dyke, Economic Development Officer

Subject: Continued Capping of Building Permit Fees for Industrial Uses

Attachment(s): Survey of Area Building Permit Fees (February 14, 2006)

Recommendation

That industrial building permit fees remain capped at a maximum of \$25,000 for an additional 3 years. Furthermore, that at the end of this 3-year period the capping provision be revisited to assess any needed revisions.

Report

At the April 14, 2003 meeting of the St. Thomas Economic Development Corporation, a motion was passed to recommend to Council that the City re-enact a maximum cap of \$25,000 on Building Permit fees for Industrial permits. Additionally, it was recommended that the cap remain in place for a 3-year period, at which time the matter would be revisited to determine if any revisions to the measure were necessary. Council subsequently continued the capping of building permit fees for industrial uses at a meeting on April 28, 2003. The capping provision will expire April 28, 2006.

Key points behind the decision to re-enact the Capping provision in 2003 were;

- The primary purpose of Building Permit fees are to pay for staff time associated with reviewing plans, site inspections, and related clerical work. Given this understanding \$25,000 is deemed sufficient to pay for staff time required for even the largest of projects.
- Industrial development represents the base of the St. Thomas economy. The strong residential and commercial growth that has taken place in St. Thomas since 1990 are due in large part to strong industrial growth. Capping should be restricted to industrial development only as the residential and commercial sectors will follow the industrial growth.
- The nature of corporate site selection decisions and anti-bonusing legislation contained in the Ontario Municipal Act limit the opportunities for a municipality to influence an investment decision. Additionally, municipalities often have only one chance to influence the decision making process. The capping of Industrial Building Permit Fees is one measure that addresses all of these challenges.

The principles that guided the decision to re-enact the capping of Industrial Building Permit fees three years ago remain relevant today.

Respectfully submitted,

Sean Dyke
Economic Development Officer

"Learning and Growing Together"

March 24, 2006

My name is Pam Sutherland and I work at Forest Park School. I teach a class of ten special needs children. The students in our class have a diverse range of needs and in order to meet their needs we need to utilize various teaching methods and equipment.

This letter is to request your financial support. We are trying to obtain a SmartBoard. A SmartBoard is an interactive white board, supported by a computer. It allows the user to write, erase and perform mouse function with their fingertips. This award winning product captures student attention and provides interactive learning for all students. You may browse the internet to see this exciting this technology by going to www.smarttech.com.

We have been fundraising since September within the school selling popcorn, candy-grams and collecting pop cans and pop tabs. We need to rise over \$1300.00 to purchase the white board. It is our hope that you will consider our classroom as a beneficial recipient of your charitable donation. We would greatly appreciate any financial contributions that you offer. We would recognize your assistance and it would be prominently displayed within the school and a sign would be created to mount on the SmartBoard.

Sincerely,

Pam Sutherland

MAR 31 2006

City Clerk's Copy

Dear Mayor Kohler:

On November 25, 2005, the Government of Ontario signed a five-year, \$1.9 billion Early Learning and Child Care Agreement (ELCC) with the Government of Canada to deliver a comprehensive early learning and child care program to Ontario children and their families, including greater access to more high-quality, licensed child care spaces.

As you are aware, the Government of Canada has cancelled the 2005 Early Learning and Child Care Agreement, negotiated and signed by Ontario in good faith. The federal government has decided that a one-time final payment of \$254 million with respect to 2006/2007 will be made to Ontario.

Across Ontario we have seen remarkable success in the rapid expansion of new child care spaces. With the funding from the 2005 ELCC Agreement, Ontario municipalities have indicated that they will create approximately 14,000 new licensed child care spaces by September 2006. This is more than half of our three-year target of 25,000 spaces and is reflective of the overwhelming need among Ontario families for high-quality, licensed child care spaces. However, with the termination of the 2005 ELCC Agreement, Ontario will not be able to continue to expand the number of licensed child care spaces across the province as originally planned.

The Government of Ontario remains committed to helping more children be ready and eager to achieve success in school by the time they start Grade One. We recognize that municipalities require stable and permanent child care funding. A one-time payment from the federal government does not address the need for ongoing funding to enhance child care in Ontario as originally planned. In order to maximize the impact of the funding provided for the second and final year of the 2005 Agreement, the province is allocating the 2006/2007 payment from the Government of Canada over the four-year period remaining in the original agreement. This, combined with the new 2003 ELCC funds, will help municipalities to secure and sustain the new spaces that have been created to-date.

Very shortly, your staff will receive notice of a Best Start Information Session to be held on April 11th. The purpose of this meeting will be to provide further information regarding the 2006/2007 Best Start funds, the Best Start Phase One Integrated Implementation Plans, and next steps. We look forward to this opportunity to continue to work collaboratively with our municipal partners as we move forward with Ontario's Best Start Plan.

As our partners, you know first-hand the importance of this agreement to families in your communities. I look forward to your continued support in calling on the Government of Canada to honour the five-year, \$1.9 billion Early Learning and Child Care Agreement on behalf of the thousands of families who need high-quality early learning and child care for their children.

Sincerely,

Mary Anne Chambers
Minister

MAR 23 2006

Attention:

Mayor & Council Members

Drinking water is finally getting some attention from our politicians. In 1999 Dr Butler Jones was the Medical Health Officer for Saskatchewan when he stated publicly that Hepatitis A was only a waterborne disease in developing countries. As if Hep A knows the difference between water in a developed country compared to a developing country? It is as silly as placing a sewage treatment plant upstream of a community water intake! However, a recent vaccination of a First Nation community in northern Ontario, combined with the plight of the people from Kashechewan First Nation, may confirm that First Nation people in Canada do indeed live in a developing country! And Rural people are often referred to by Native Canadians as "Tomorrows Indians - but they don't know it yet"! Dr. Butler Jones may have been scientifically incorrect, but he must have been politically correct as he has since been promoted to the first National Medical Health Officer for Canada!

SDWF has been providing our politicians with information based on sound unbiased science for the past 8 years. First Nation and Rural communities in Canada rarely have, or are capable of producing, safe drinking water. We believe that many FN and Rural communities have situations resembling Kashechewan. Yellow Quill in SK and Saddle Lake in AB are two communities we have been able to help to take responsibility for their own water treatment, and subsequently the quality of drinking water to their people. Presentations by the leaders and Water Treatment Operators from both of these communities, (as well as many others) are included in our "Template for Change", a set of 12 DVDs which we encourage you to order for a special low price of just \$75! We believe that the politicians need to hear from all the First Nation and Rural communities who are concerned about the safety of their drinking water. Therefore we now have available a "Political Bonus Package" free of charge, with any orders of Template for Change.

If people in your community would like to learn more about the issues surrounding safe drinking then Template for Change is the tool you need, to organize community workshops - it includes one hour of phone-in time with Dr. Hans Peterson, Voluntary Executive Director of SDWF, to answer your questions regarding your local situation. If you feel our politicians need to hear from the communities who are concerned about their drinking water then our Political Bonus Package will do just that and at no cost whatsoever to you. The Political Bonus Package supplies empty sample bottles (for you to fill with your tap water), and address labels to the attentions of federal/provincial politicians which you can mail to government buildings at no cost. We also supply sample text for you to incorporate into a cover letter if you choose to. All you need to do is fill your empty bottles, attach the address cards, label and tape up a box and drop it in the mail!

Surely our Politicians have to heed the bottles of drinking water from concerned citizens all over Canada? Surely together we can demand national drinking water regulations? SDWF is a non government, charity dedicated to make safe drinking water a reality for ALL Canadians - our biggest challenge is lack of funds. We want to help each of you but we need your help to make this issue front and foremost of our Politicians agendas.

If you would like to receive the Political Bonus Package today, just order Template for Change at the one time low price offer of \$75. The order form is available through our website at www.safewater.org under the "Public Programs" tab; Don't let the people of Kashechewan fight the plight of all First Nation and Rural people alone! Don't think this can't or won't happen to you! More information about Template for Change with clips of each presentations are available on our website at www.safewater.org or you can request a sample DVD be mailed to you at no cost, by e-mailing: info@safewater.org.

Also information about our Community Water Test Kits and their order forms can be found on-line at www.safewater.org under the "Public Programs" tab, our next shipping date is May 1st, 2006. The deadline for orders of water test kits is April 17th, 2006. This is how you can test your community water at a fraction of the cost of conventional labs.

Please reply to this email with any suggestions or comments of how we can help you bring safe drinking water to your community.

Bill Bryce, Director of Education and Secretary

2006 March 30

Mayor Jeff Kohler
Corporation for the City of St. Thomas
545 Talbot Street
St. Thomas, Ontario

Dear Mayor Kohler:

In the Good Places to Learn: Renewing Ontario's Schools document released by the Premier and Minister of Education, a New Capital Planning 10 - Step Process is outlined for each district school board in the province to follow. Step 2 of that process directs school boards to establish a Capital Planning Advisory Committee, to be overseen by trustees, to engage the public in this very important process.

Please be advised that the Thames Valley District School Board, at its meeting of 2006 March 28 passed the following resolution:

"That the attached draft mandate, structure and membership of the Capital Planning Advisory Committee be approved."

The mandate, structure and membership of the Committee referred to in the motion is attached for your information.

The Corporation for the City of St. Thomas is asked to select one of its members to attend this inaugural meeting of the Thames Valley Capital Planning Advisory on Wednesday, 2006 May 17 at 7:00 p.m. at our Education Centre.

Please advise Sue Pullam of the name of your one representative by 2006 May 01. She can be contacted by phone at 519-452-2545 or by email at s.pullam@tvdsb.on.ca

We sincerely appreciate your participation on this very important advisory committee.

Yours truly,

GRAHAM HART
Chair

CAPITAL PLANNING ADVISORY COMMITTEE

Mandate

The Capital Planning Advisory Committee is created in accordance with the Capital Planning process established in the Provincial Government's "Good Places to Learn" document.

The Committee will seek feedback from the broader community on capital planning topics such as student program needs, provincial objectives and relevant provincial targets, demographic projections, facility needs and operational options that maximize facility usage, and potential costs reconciled against financial capacity.

Structure and Reporting

The Capital Planning Advisory Committee will be a Standing Committee of the Board comprised of four regional sub-committees representing Elgin County, Middlesex County, Oxford County and the City of London. Each will be chaired by a trustee determined by Board motion.

The regional sub-committees will meet as required and report to the Board through the Committee of the Whole following each meeting. A Committee report will be submitted to the Board in June annually summarizing the Capital Planning process of the previous school year.

Membership

Representation on the four regional sub-committees will include the following members and will form the Capital Planning Advisory Committee:

Trustees by region

2 Community/Public Representatives by region

School Representatives by region

- 1 Elementary Principal
- 1 Secondary Principal
- 1 District School Council
- 1 District Home and School
- 1 each from ETFO, OSSTF and CUPE

Municipal Representatives by region

- 2 Mayors/Warden
- 2 City of London Councillors

Student Representative by Region

Committee Resource Members will include:

- Director of Education
- Executive Superintendent of Operations
- Executive Superintendent of Business
- Executive Superintendent of Program
- Manager of Facility Services
- Planning Officer

Minister of Municipal Affairs
and Housing

APR 04 2006

Dear Mayor Kohler:

Re: **New Canada-Ontario Affordable Housing Program – Additional Funding Allocation**

I am writing in response to your request for an additional funding allocation under the new Affordable Housing Program (AHP) for the City of St. Thomas.

I am happy to announce that the City of St. Thomas has been approved an additional allocation of \$1.75 million for 25 rental and supportive units. This is in addition to the initial allocation of \$1.75 million for 25 rental and supportive units.

The total revised allocation under Wave 1 for the City of St. Thomas is \$3.50 million for 50 rental and supportive units.

I have been working with my colleague, Minister Sandra Pupatello, on the best ways to meet the special needs of Ministry of Community and Social Services clients. Details about the use of this funding will be available in the program guidelines. These will be sent to service managers soon.

I look forward to the City of St. Thomas's success in delivering more affordable housing in the community under the new Canada-Ontario Affordable Housing Program.

Sincerely,

John Gerretsen
Minister

Report No.

MO-01-06

File No.

Directed to: Chairman Barwick and Members of St. Thomas City Council

Date
April 4, 2006

Department: Mayor's Office

Attachment

Prepared By: Mayor Kohler

Subject: Committee to Review the Purchase Card Policy

Recommendation:

- That Council establish a committee chaired by Alderman Barwick consisting of the following members Alderman Johnston, Alderman Warden and Mayor Kohler, to review the purchase card policy and report back to Council with recommendations establishing proper parameters to be followed by all purchase cardholders.

Origin:

As directed by Council a review of the Corporate Purchase Card policy & the purchase transactions for the years 2003, 2004, & 2005 have been reviewed by Council. Upon review of the purchase card policy and transactions that have taken place over the past few years, it is evident that the proper parameters are not in place to establish acceptable purchases by cardholders.

Conclusion:

The creation of acceptable purchase parameters will create consistency in the use of Corporate Purchase Cards & ensure the appropriate use of taxpayer's money.

Respectfully,

Mayor Jeff Kohler

City Clerk's Dept.

Attention: Mr. Wendell Graves,
City Clerk

Dear Mr. Wendell Graves,

Re: S.T.H.I. Shareholder 5th Annual General Meeting

On March 29, 2006, City Council met as Shareholder of St. Thomas Holding Inc. This Annual General Meeting was held to consider a number of specific business matters and resulted in the consideration of a number of Shareholder Resolutions. The following reflects the issues addressed:

A) March 1, 2005 Shareholder AGM Minutes:

"That the minutes of the Annual General Shareholders Meeting held March 1, 2005 be confirmed as correct as printed."

Moved by: Bill Aarts,

Seconded by: Tom Johnston CARRIED.

B) 2005 Audited Financial Statements for S.T.H.I.:

"That the audited financial statements for St. Thomas Holding Inc. to December 31, 2005, as prepared by Graham Scott Enns, Chartered Accountants, dated February 16, 2006 are received."

Moved by: Terry Shackelton,

Seconded by: Marie Turvey CARRIED.

St. Thomas Holding Inc.

E) Resolution on Board Remuneration:

"THAT the Shareholder approves changes to the remuneration for Directors of S.T.H.I. and its' affiliates, as follows:

- *St. Thomas Holding Inc. Director = \$2,400 per year*
- *St. Thomas Energy Inc. Director = \$3,000 per year*
- *St. Thomas Energy Services Inc. Director = \$6,000 per year*
- *The Chair of each of the Boards above receives an additional \$1,000 per year."*

Changes to remuneration will be effective, upon approval of the Shareholder.

Moved by: Dave Warden,

Seconded by: Cliff Barwick

CARRIED.

F) Resolution on Corporate Audit Firm:

"THAT the audit firm of Graham Scott Enns, Chartered Accountants be appointed as Corporate Auditors for St. Thomas Holding Inc., and its' affiliates, for the 2006, 2007 and 2008 financial audits, in accordance with their contract proposal, dated February 23, 2006."

Moved by: Dave Warden,

Seconded by: Bill Aarts

CARRIED.

All resolutions that are considered by Council members, while sitting, as Shareholder must be ratified by Council motion, as part of their regular business. Can you please arrange to have these matters placed on the next Agenda to allow for prompt approval and further action?

Thank you for your assistance with these details and please let me know when Council will process these Resolutions?

Regards,

Brian Hollywood, C.E.T.,
President & C.E.O.
