ENVIRONMENTALLY SENSITIVE LAND USE - P. Keenan

REVIEW OF CITY BUS ROUTES - J. Dewancker

ALMA COLLEGE - Management Board

ROAD RESURFACING PROGRAM - BUDGET FORECASTS - J. Dewancker

#### COUNCIL

Council will reconvene into regular session.

#### REPORT OF COMMITTEE OF THE WHOLE

Planning and Development Committee - Chairman H. Chapman

Environmental Services Committee - Chairman M. Turvey

Personnel and Labour Relations Committee - Chairman D. Warden

Finance and Administration Committee - Chairman C. Barwick

Community and Social Services Committee - Chairman B. Aarts

Protective Services and Transportation Committee - Chairman T. Shackelton

A resolution stating that the recommendations, directions and actions of Council in Committee of the Whole as recorded in the minutes of this date be confirmed, ratified and adopted will be presented.

#### REPORTS OF COMMITTEES

The Fifth Report of the Site Plan Control Committee

Report to follow.

#### PETITIONS AND COMMUNICATONS

Scouts Canada Apple Day - Tag Day - October 13 & 14, 2006

A letter has been received from Mark Shields, Apple Day Coordinator, requesting permission to conduct a Tag Day on October 13th & 14th, 2006 for the sale of apples.

Ontario Municipal Water Association - Resolution

A request to endorse a resolution has been received from Douglas R. Parker, Executive Director, Ontario Municipal Water Association, to support the Association's position that water must remain under public ownership and control. Pages  $20 \xi 2$ 

#### **UNFINISHED BUSINESS**

City of St. Thomas 125th Anniversary

Minimum Maintenance Standards for Heritage Properties

#### **NEW BUSINESS**

Naming of Proposed Northside Active Park

Mayor Kohler had previously put forward the following Notice of Motion.

Motion by Mayor Kohler:

THAT: Council supports the name of the proposed Northside Active Park to be the "Joanne Brooks Memorial Park".

#### **BY-LAWS**

## First, Second and Third Reading

- 1. A by-law to confirm the proceedings of the Council meeting held on the 19th day of June, 2006.
- 2. A by-law to authorize the Mayor and Clerk to execute and affix the Seal of the Corporation to a certain agreement between the Corporation of the City of St. Thomas and Novi Construction Limited. (SPC 05-06 82 Progress Drive automobile repair shop)
- 3. A by-law to authorize the Mayor and Clerk to execute and affix the Seal of the Corporation to a certain Certificate of Validation in respect of land pursuant to Section 57 of the Planning Act, R.S.O. 1990, as amended (695 Elm Street Part Lot 9, Conc. 7 Parts 1, 2, 3, on Plan 11R-8529)
- 4. A by-law to authorize the Mayor and Clerk to execute and affix the Seal of the Corporation to a certain agreement between the Corporation of the City of St. Thomas and Agrico Canada Ltd. (SPC 07-06 263 Edward Street fertilizer storage tank)
- 5. A by-law to authorize the Mayor and Clerk to execute and affix the Seal of the Corporation to a certain agreement between the Corporation of the City of St. Thomas and Angela Marlin-White. (37 Fifth Avenue Minor Variance Application A19/05)

# The Corporation of the City of St. Thomas

Report No.: | PD-17-2006

File No.:

ST - 196

Directed to: Chairman H. Chapman and Members of the Planning and Development Committee

Date:

June 12th, 2006

Subject:

Certificate of Validation - 695 Elm Street, City St. Thomas

**Department:** Planning Department

Prepared by: P J C Keenan - Planning Director

Attachments:

- Correspondence from James Carrie.
- Copy of 11R-8529

#### RECOMMENDATION:

THAT: Report PD-17-2006 be received for information, and further,

**THAT:** Council issue a certifictae of validation for the land at 695 Elm Street pursuant to Section 57 of the Planning Act, R.S.O. 1990, as amended.

#### ORIGIN:

Correspondence from James Carrie requesting Council, pursuant to Section 57 of the Planning Act R.S.O. 1990, as amended, issue a Certificate Of Validation in respect of land at 695 Elm Street, owned by Lois Kantor.

#### **ANALYSIS:**

Recently Council approved the acquisition of a 3m parcel of land for road widening from the frontage of the property at 695 Elm Street. The road widening was part of a consent approval (Application #B20/05) for the transfer of land between Mrs Lois Kantor, Doug Tarry Limited and the City to facilitate intersection improvements for the Orchard Park Subdivision(Plan 11R-8529).

Mr Carrie is now proceeding to place the lands conveyed to Doug Tarry Limited under Land Titles and has found that the original consent granted in 1971 to create the lot at 695 Elm Street cannot be located. To ensure that both the City and Doug Tarry Limited have good title to the parcels conveyed from the Kantor property Mr. Carrie is requesting Council issue a Certificate of Validation pursuant to Section 57 of the Planning Act to confirm the validity of the original title to 695 Elm Street.

I have reviewed the matter with the City Solicitor and we both agree that given the age of the original consent (1971) which was originally granted by the former Township of Yarmouth, the continuity in the ownership of the property by the Kantor's and the time delay and costs associated with a further application to the Committee of Adjustment that Council's issuance of a certificate under Section 57 is warranted under the circumstances.

Procedurally the Planning Act requires that Council shall have regard for the prescribed criteria when considering the issuance of a certificate. The criteria, which are set out in Ontario Regulation 144/95, provide that 'no certificate under section 57 shall be issued by Council unless the certificate conforms with,

- (a) any official plan in effect in the municipality;
- (b) the zoning by-law of the municipality, if any; and
- (a) any Minister's zoning order .....".

I have reviewed the City's planning documents respecting the lands at 695 Elm Street and confirm, in my opinion, the certificate would conform with the Official Plan and the City of St Thomas Zoning By-law 50-88. There are no Minister's zoning orders that would apply to the lands.

#### Financial Considerations:

Any costs associated with the issuance of the certificate of validation will be borne by Doug. Tarry Limited.

Respectfully submitted,

P.J.C. Keenan Director of Planning June 12, 2006

The Corporation of The City of St. Thomas 545 Talbot Street St. Thomas, Ontario N5P 3V7

Re:

Application for By-Law

Validation of Title Certificate

In 1971 Brian Kempster, then of Fanjoy, Hennessey, Kempster, Johnson & Gunn made an application for a consent to severance of the lands in the attached conveyance from P. Kantor Construction Limited to Paul Kantor and Lois Dorene Kantor.

Unfortunately, the wrong consent was attached to the conveyance at the time of it's registration.

A search has been made of Municipalities records as well as the legal files but a copy of the original correct consent cannot be located.

As we are positive that a consent was granted for the severance it appears that the best method to confirm the validity of the title to the lands of Lois Kantor (Paul Kantor is now deceased) would be for a Validation of Title By-Law to be approved by Council pursuant to section 57 of the Planning Act RSO.

I enclose herein a copy of Ontario Regulation 144/95 setting out the criteria for validation of title and a suggested draft By-Law.

Yours truly

James Carrie

Prepared By:	Graham Dart, Director of Human Resources	None
	Mike Hoogstra, Purchasing Agent	
Subject:	Request for Proposal Award - Employee Benefit Consult	ant

#### Recommendation:

THAT: Council receive Report No. HR 06-06.

THAT: Council accept the Proposal submitted by Mosey and Mosey to provide Employee Benefit Consulting Services for a five year period beginning July 1, 2006 at a one and one half (1.5) percent commission fee based on actual benefit costs for the year.

#### Background:

A notice of Request for Proposals (RFP) was advertised in the Saturday March 25 edition of the St. Thomas Times-Journal. The notice was also advertised on the City's web site and Bid Navigator. The RFP document requested that interested firms submit a fee structure including associated expenses, for their services and submit details about their firm which would include but not be limited to experience, qualifications, references and their understanding of the required services.

Twenty firms requested a bidders package from Purchasing. The Proposal closing deadline was Thursday, April 20 at 2:00 p.m. Prior to the deadline, the following nine Consulting firms submitted Proposals for the City's consideration.

Bidder	Percent Fee	Cost (per year)	Short-list / Final Ranking
Comprehensive Benefit Solutions	n/a	\$18,000.00*	
Mercer Human Resource Consulting	1%	\$20,000.00*	√ / (2)
Blevins Insurance Corporation	1.0% - 10%	\$25,000.00*	
Mosey & Mosey	1.5%	\$30,000.00 [all-inclusive]	√ / (1)
The Benefit Solution Inc.	n/a	\$31,500.00 [all-inclusive]	/
The Williamson Group	1.5% - 2.0%	\$32,000.00 [all-inclusive]	√ / (4)
AON	1.6% - 2.1%	\$34,000.00 [+ expenses]	√ / (3)
Morneau Sobeco	2.5%	\$50,000.00*	7 (2)
Stevenson & Hunt	3.0%	\$60.000.00	
NOTE: An amount of 2 million was used to year based on the percentage.	calculate costs per	* Cost is not all-inclusive. S marketing of our requirement and assistance at the negot included and would be extra	nts for a new carrier lation table) are not

Once the Proposal submissions were checked for mandatory requirements and omissions, a committee consisting of Human Resources Director Graham Dart, Human Resources Assistant Ginny Chapman and Purchasing Agent Mike Hoogstra reviewed and evaluated the nine Proposal submissions. Each firm was scored using a point system based on a pre-determined scoring sheet. For Members' information, points were awarded based on experience, qualifications, the Consultants' understanding of the requirements and the Consultants' fees and associated expenses. Once this review was completed a short list of four firms was determined. These four firms were invited to make a one-hour presentation to the committee. The presentations were conducted on Thursday, May 25 and Friday, May 26. After the presentations, Purchasing checked each short-listed firm's references using a standard reference check evaluation form.

Based on the final scoring numbers, the committee is recommending the Consulting firm of Mosey and Mosey. This consulting firm has extensive municipal experience, excellent references and did very well in presenting to the committee the proposed working relationship with city staff. For members information the current Employee Benefit Consultant is AON Consulting and the annual commission based fee is 1.7%.

125th Anniversary Celebrations

#### Recommendation:

THAT: Report CC-33-06 be received for information, and further,

THAT: Council approve a budget of \$10,000 for the purpose of celebrating the City's 125th Anniversary, and further,

THAT: Council approve the unbudgeted expenditure and that it be included in the June 30, 2006 budget monitoring report.

#### Background:

In May Council appointed a Committee to consider ways in which the City could celebrate its 125th Anniversary.

The Committee has meet and the following activities are proposed:

1. City Anniversary Party to be planned for early fall possibly Saturday September 16th to be held in the downtown area. It is anticipated that the DDB and the North American Railway Hall of Fame organization would be asked to assist in the planning of the party.

Should this event meet with Council's approval, specific details would be developed and reported back to Council.

Budget estimate: \$7200.00

2. Special Edition for Newspaper - working with the St. Thomas Times Journal a special commemorative edition would be produced and distributed with additional copies being printed for residents who don't receive the newspaper. Approximately 12,000 copies would be printed.

Budget estimate: \$2000.00

3. Anniversary Banner - a small version of the banner now located on City Hall would be made and would be available for various events that are taking place in the City this year.

Budget estimate: \$300.00

In addition to the above noted activities, 10,000 special City Birthday tattoos are being made for distribution to the children on Canada Day at Pinafore Park with a cost of \$900 which will be funded from within the Mayor's existing budget.

Respectfully,

es, City Clerk

## Recommendation:

THAT: Report OW CR-06-05 be received for information.

#### Background:

On November 6, 2004, the Ministry of Children and Youth Services (MCYS) announced the framework for the Provincial Government's Best Start Plan to support children and families. In July 2005, the province provided municipalities including St. Thomas-Elgin with implementation guidelines as well as the local funding allocation and service targets. In September 2005, Council authorized the Director, Ontario Works to approve capital and operational financial plans and expenditures associated with the Best Start funding allocation, subject to all expenditures falling within the 100% allocation for St. Thomas-Elgin.

Following consultation with the St. Thomas-Elgin Best Start Implementation Committee, three reports were developed and submitted to Council and MCYS in January 2006. These reports included the Best Start Transition Plan, the Child Care Service Plan and the Phase 1 Integrated Implementation Plan. Notwithstanding this municipality's interest in moving forward with program implementation in accordance with its Best Start and Child Care Service Plans, a change in the federal government in January 2006 resulted in changes to the Best Start initiative. In light of reduced federal funding to the Best Start initiative, the province implemented some changes to the program that impacted both funding allocations and program design.

#### Report:

# Funding Allocations to St. Thomas- Elgin:

#### 2005/2006 Budget allocation

In December 2005, St. Thomas-Elgin received \$2.1 million in Best Start Funding for the 2005/2006 budget period, which was earmarked for administration, program funding, wage enhancement funding, planning and capital funding. Following the federal election, however, there were changes to the existing funding agreements between the federal and provincial government that resulted in amendments to federal commitments.

MCYS advised municipalities including St. Thomas-Elgin that despite reductions in federal commitments, they would still be able to retain their first year allocations and that these allocations would subsequently be treated as unconditional grants, meaning that the municipality had flexibility to use the funding for a variety of planned Best Start related initiatives and over an extended period of time (was not required to be spent within the 2005/2006 fiscal period). As a result, St. Thomas-Elgin retained its \$2.1 million 2005-2006 budget allocation and to date has committed \$79,175 as follows:

ALLOCATION SPENDING as of May 31, 2006

Viability Grant to Dutton Co-operative	\$40,000	
Cost of Administration	\$ 7,533	
Consultation Fees for three service plans	\$31,642	
TOTAL	\$79,175	-
		<del></del>

In addition, one conditional commitment of funding has been offered to the St. Thomas Psychiatric Hospital Early Learning Centre to support the development of a new child care centre in Southwold. In September 2005, the Early Learning Centre submitted a proposal requesting \$1.7 million in funding plus operating grants for three consecutive years to support the new centre's development and operation. This original proposal was reviewed by Ontario Works, but not accepted. Through consultation, however, with the Early Learning Centre, the Ministry of Children and Youth Services and with the approval of the former Director, the centre was offered a total of \$500,000.00 to create 20 new infant spaces that were identified as being required in Elgin County by the Best Start Plan.

On June 13, 2006, the current Director of Ontario Works reconfirmed the offer of \$500,000 to the Early Learning Centre, conditional upon the centre's development of and the Department's review and approval of a revised proposal and viability plan. Although the agency has not provided final confirmation of willingness to accept the offer and move forward with the project, Ontario Works will continue to work diligently with the Early Learning Centre in an effort to ensure successful project development and creation of needed infant child care spaces within the community.

As of this date, \$1,520,824 of the original unconditional grant remains unallocated. Ontario Works will be implementing a comprehensive planning process to determine how the remaining funding should be allocated. Community participation and input will be solicited and will be essential to the development of the final allocation model. It is expected this planning process will begin in mid to late summer of 2006 with proposed implementation of initiatives in 2007. Additional information and updates will be provided to council throughout the process.

# 2006/2007 Funding Allocation (operating funding)

In April 2006, MCYS advised St. Thomas-Elgin of its 2006/07 operating funding allocation under the Best Start initiative. This funding, which totals \$208,473, is provided in addition to the unconditional grant funding, will be provided fiscally in each of the next four years and is to be used to create 16 new child care spaces within the community. The funding has been provided as follows:

Best Start Program Funding	\$119,949
Best Start Wage Improvement	\$ 60,284
Best Start Planning	\$ 28,239
Total Best Start Allocation	\$208,473

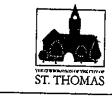

At present, the 16 new child care spaces have been created (6 in Dutton and 10 in Belmont) and the funding is being used to support fee and wage subsidies for these spaces as well as provide specialized training for child care staff across the community. Department staff, in consultation with the Ministry, are finalizing an updated Child Care Service Plan that reflects the new commitments made and spaces developed with the 2006/07 funding. A final copy of this plan will be presented to council for endorsement in July 2006.

Respectfully,

Sandra Datars Bere

Subject:

Driveway Reconstruction - 23 Maple Street

#### Recommendation:

That: Report No. ES76-06 be received for information, and further,

That: Removal and replacement of patterned concrete driveway at 23 Maple Street between the existing sidewalk and the house be undertaken at estimated cost of \$4,382.40 plus GST, funded from capital project account #2003-32.

#### <u>Origin:</u>

At the December 13, 2004 Council Meeting, Ms. Sue Wadley was in attendance to request replacement of certain sections of her driveway at 23 Maple Street.

At the same meeting, Council Members received Report ES130-04 from the former Manager of Engineering for information, and also passed a resolution "THAT: Relating to the Maple Street driveway, the Engineering Department is to work in consultation with the Contractor to present a report with recommendations to Council."

Ms. Wadley originally reported that the damage, which occurred to her driveway as a result of construction, was a crack near the porch steps and a chunk was missing from south (rear) match line. Preconstruction videos taken by staff cannot confirm or deny if the crack was present prior to construction. The chip at south match limit probably occurred during either saw-cutting or removal of existing concrete, but again no visual proof is available.

Last summer, Ms. Wadley advised of a new problem with unevenness of the east (side) match line. A site inspection by staff revealed that either the new concrete had heaved or that the existing concrete had settled. However the new concrete appeared level at both the south match line and at the north sidewalk interface, which led to the conclusion of a problem with the existing concrete left in place. Nevertheless a repair is required. Ms. Wadley has advised that no further problems have developed this spring.

Remedial options for repair to this driveway were discussed with the Contractor and Sub-contractor. The Contractor was also notified of this deficiency within the contract maintenance/warranty period.

Normally complete replacement of a driveway from curb to limits disturbed by capital reconstruction projects within the City owned right-of-way is undertaken. Due to requirement for water service renewal and service control box replacement underneath the existing patterned concrete driveway at 23 Maple Street, an attempt to minimize the amount of disturbance to half the driveway was made. Due to observed differential settlement issue on match line between new and existing concrete, it is therefore recommended to replace the entire driveway between the sidewalk and house to avoid any future

The section of existing patterned concrete driveway in the apron between the curb and sidewalk is not to be replaced. Every effort for new installation by the same Sub-contractor to match existing pattern will be made, but is not guaranteed. Cost sharing discussions between staff and the Contractor are currently underway, with work anticipated to be scheduled for July.

# Financial Considerations:

Estimated cost to remove and replace the section of existing patterned concrete driveway between the existing sidewalk and the house is \$4,382.40 plus GST.

Funding for this work is available in capital account #2003-32 for the Maple Street project.

Respectfully Submitted,
Build 6

#### 6.3 Budget

The project remains under budget at this time.

#### 6.4 Schedule

Update June 5, 2006: Revised Construction schedule indicates Project Completion as June 30, 2006.

#### 6.5 Design Issues

Update June 5, 2006: No additional Separate Prices as Tendered will be engaged for the Project.

#### 6.6 Procurement

<u>Update June 5, 2006:</u> The Fifth Progress Payment has been made to Graceview Enterprises Inc. for April 2006. The majority of the work performed was masonry, mechanical and electrical. The Sixth Progress Payment is currently being processed.

<u>Update June 5, 2006:</u> To date there have been 14 Change Orders processed; refer to attached Change Order Summary for details. The Architect is waiting for quotations from the General Contractor on remaining Contemplated Change Orders. Refer to attached Change Order Summary (2 pages).

#### 6.7 Construction Progress

Photos are being taken at every Site Meeting and periodically in between to monitor and record progress of Construction. Photos will be turned over to Owner at Project Completion. Block masonry in-fill over West door lintels is complete and brick/ stone veneer progress is complete. Transformer is in place and duct bank installation is complete. Buried conduits leading to light standards is complete.

#### June 5, 2006:

Interior finishes have started; ceramic wall tile, millwork, gypsum board, ceilings, fixtures, painting.

# 6.8 Issues and Risk Management

Site Testing and inspections by Technicians and Engineers are being preformed as required.

#### 6.9 June Priorities:

Continue to process and review Shop Drawings by Contractor/ Consultant.

Roof vent tie-ins and Nederman System.

Parapet roof flashing

Finish installation of millwork

Wall and floor ceramic tile, carpeting, concrete sealers

Gypsum Board ceilings, bulkheads, acoustic tile, metal mesh ceilings

Site clean-up and grading/ sodding & seeding

Finish grading, Asphalt parking and concrete walk-ways

Install door finish hardware

Remainder of mechanical & electrical finish work (fixtures, grilles, cover plates, start-up, testing)

Stucco panels on exterior of East wall Apparatus Room

Landscape work - Sodding & seeding, gravel beds, aluminum edging, topsoil & bark

Copies to: Bob Barber Mike Hoogstra

UN 1 4 2006 Kitchener, Ontario

City Clerk's Dept.

Douglas R. Parker CMA, Executive Director

June 10, 2006

The Mayor and Members of Council:

The Ontario Municipal Water Association (OMWA) represents publicly-owned water supply systems throughout the province. Established in 1967, the Association's approximately 200 members provide safe and secure tap water to more than seven million people in Ontario.

The Association is concerned that recommendations made in Watertight, a report by the government-appointed Water Expert Panel, will, if adopted, transfer control of water assets from municipalities to local water companies. These water companies are to be governed by Boards, with two-thirds of the Board members to be drawn from the private sector.

We see this proposed restructuring as the first step in dismantling pubic ownership.

The Association believes that the Government of Ontario must make a commitment to the people of Ontario to keep water under public ownership and control by enshrining it in legislation.

OMWA is seeking your support to keep our water under public ownership and control and ask you to pass the following resolution at your next meeting of council:

"That the correspondence received from the Ontario Municipal Water Association (OMWA), concerning the recommendations made in Watertight, by the government-appointed Water Expert Panel, will, if adopted, transfer control of water assets from municipalities to local water companies. These water companies are to be governed by Boards, with two-thirds of Board members to be drawn from the private sector which OMWA views as the first step in dismantling pubic ownership be received and

Phone: (519) 743-3737 Fax: (519) 743-5445 Toll Free: 1-888-231-1115 E-mail: omwa@omwa.org Website: omwa.org

-21-

That the municipality of \_\_\_\_\_ supports the position of the Ontario Municipal Water Association that water must remain under public ownership and control and

THAT the Government of Ontario must make a commitment to the people of Ontario to keep water under public ownership and control by enshrining it in legislation and further

THAT a copy of this motion be sent to Premier Dalton McGuinty, The Minister of Public Infrastructure Renewal the Hon. David Caplan, the Minister of the Environment, the Hon. Laurel Broten, the Minister of Municipal Affairs and Housing, the Hon John Gerretson, the Association of Municipalities of Ontario and the Ontario Municipal Water Association.

It is important to respond as soon as possible with the province moving toward issuing a White Paper.

As per the Board of Directors.

Douglas R. Parker CMA Executive Director

Douglas

Cc: Clerk of the Municipality
