

Recycling, Organics and Waste Collection Schedule

2026

Mayor's Message

Starting January 1, 2026, there will be changes to local recycling collection services in the City of St. Thomas due to the Province of Ontario's transition to a producer responsibility model under the Blue Box Program.

Under this new provincial regulation, curbside recycling collection will no longer be available for properties and organizations that have been deemed non-eligible under the provincial program. This includes certain industrial, commercial, and institutional (IC&I) properties. Please note that this decision was made by the Province of Ontario, not the City of St. Thomas.

Joe Preston

Eligible Sources

- Single Family Homes
- Seasonal Dwellings
- Multi-unit Residential Buildings
- Public & Private Schools
- Specified Retirement & Long-term Homes
- Specified Public Spaces

Non-Eligible Sources

- Municipal Buildings or Facilities (eg., Libraries, Arenas)
- Industrial or Commercial Properties
- Not-for-profit Organizations
- Campgrounds and Trailer Parks (without Permanent or Seasonal Households)
- Commercial Farms
- Places of Worship

Collection Essentials

Follow these handy do's and don'ts to ensure your items are collected every time.

- **DO** set out garbage/recycling or organics by 7:00 a.m. on your collection day.
- **DO** ensure any bungee cords or other restraints are removed from your containers prior to collection.
- **DON'T** put any recyclables in your garbage; place it in your recycling box instead. Refer to Page 3 for your Recycling Guide.
- **DO** ensure that your green cart does not contain any garbage, dirt, or sod and the weight does not exceed 91kg (200lbs).
- **DON'T** place any household hazardous waste (HHW) or other banned items out for collection.
- **DO** ensure your recyclable material is separated into Paper and Containers (metal, plastic, glass).
- **DON'T** place shredded paper 'loose' in your Blue Box; place in a clear bag with tied handles.
- **DO** ensure that any broken glass is placed in a sealed box labelled 'Broken Glass' and put out with your garbage.
- **DO** ensure that your garbage and recycling containers and contents are not heavier than 20kg (45lbs) each.

Each truck (and its crew) collects from hundreds of households each day. Following these tips will help them collect your items smoothly and efficiently, every time.

How to Use This Calendar

1. Locate the area in which you live on the map on the next page and determine your collection day and A or B alternate week designation.

Remember, garbage is collected weekly, with recycling and organics collected bi-weekly on an alternating basis.

2. The small blue box or green cart on each calendar date will indicate which alternate week services is being provided to the designated area.

For example: A blue box with an "A" means all areas designated "A" will receive recycling and garbage collection on their collection day that week.

RECYCLABLE MATERIAL LIST • METAL

MATERIAL & EXAMPLES	WHAT TO KNOW
 Metal Food cans, metal lids, cookie, coffee and tea tins, beverage cans.	☒ Empty. ☒ Do not include alcoholic beverage containers.
 Aluminum (foils and trays) Aluminum foil, pie plates, frozen food trays.	☒ Empty. ☒ Ball up aluminum foil.
 Aerosol containers Food spray, hairspray, air fresheners, shaving cream, deodorant.	☒ Empty. ☒ Lids on.

RECYCLABLE MATERIAL LIST • GLASS

MATERIAL & EXAMPLES	WHAT TO KNOW
 Glass containers Clear and coloured glass. Food containers, jars and bottles, cosmetic containers, spice bottles, oil and vinegar bottles, non-alcoholic glass beverage containers.	☒ Empty. ☒ Lids off. ☒ Do not include alcoholic beverage containers.

RECYCLABLE MATERIAL LIST • PAPER/FIBRE

MATERIAL & EXAMPLES	WHAT TO KNOW
 Cardboard boxes Pizza boxes, direct mail boxes, moving boxes, shoe boxes.	☒ Flatten. No larger than 60 x 60 cm.
 Boxboard Cereal boxes, tissue boxes, egg cartons, rolls from toilet paper and paper towel.	☒ Flatten. ☒ Empty.
 Paper Any colour, including flour bags, prescription bags, paper produce bags. Notepads, white or coloured loose paper, file folders, other printed materials. Community newspapers, flyers, brochures and magazines. Greeting cards and envelopes, gift boxes.	☒ Empty. ☒ Place shredded paper in a tied clear plastic bag. ☒ Separate from plastic bags used to cover items, remove elastic bands. ☒ Remove rope handle from bags. ☒ Do not include soft or hard covered books/novels.
 Paper laminate packaging Pet food bags, food service paper bags, and plates.	☒ Empty.
 Paper laminate packaging Spiral cans, cookie dough package, ice cream containers, and hot and cold beverage cups.	☒ Empty. ☒ Remove lids.
 Cartons Beverage cartons, juice and milk cartons, coffee creamers, and sugar cartons, soup and sauce cartons.	☒ Empty. ☒ Lids on. ☒ Do not include alcoholic beverage containers.

RECYCLABLE MATERIAL LIST • PLASTIC

MATERIAL & EXAMPLES	WHAT TO KNOW
   	Plastic containers Laundry detergent and household cleaner jugs, shampoo, body wash, salad dressing, condiment, dish soap, mouth wash bottles, plastic beverage bottles. Food trays, salad, yogurt, peanut butter, bakery and egg containers, plastic cups, plastic tubs and lids. Toothpaste tubes, deodorant, hand cream tubes. Small item packaging, hand sanitizer bottles, plant pots.
	Flexible plastic packaging Bags used for dry cleaning, bread, newspapers and flyers. Overwrap (paper towel & toilet paper, beverage containers). Coffee bags or deli pouches, chip bags, bubble wrap, snack wrappers, cereal liner bags, plastic gift bags.
	Foam packaging Meat trays, takeout containers, cups, plates, bowls, foam packaging.

Christmas Tree Disposal

If you purchased a real Christmas tree, it's time to recycle it. Your tree will be shredded into wood chips and used as compost and mulch to nourish and insulate plants and trees.

Please Remember to remove all decorations, lights, wires, tree skirts and stands before recycling.

Trees will NOT be collected curbside. Trees can be disposed of FREE at the Community Recycling Centre during operating hours.

Part Time Hours: Wednesdays 8:00am - 4:30pm
Saturday 8:00am - 3:00pm

Alternatively, trees can be cut and put into the green cart. Please remember the cart lid must be able to close to be eligible for collection.

Do not place trees out at curbside, they will not be collected and will remain the responsibility of the homeowner.

January 2026

Garbage is collected weekly, recycling and organics bi-weekly. Refer to the map at the front to determine your collection day and alternate A or B schedule.

 Please have all of your material to the curb by 7am on your collection day.

 Recycle Week  Organics Week

Winter Reminders

- Place waste in a visible location at the end of your driveway, not on a snowbank. If necessary clear a small area.
- To prevent material from freezing, try lining your green cart with newspaper or keep recyclables in a dry location
- Stack recycling boxes to prevent materials from blowing out
- Inclement weather or poor road conditions may result in the cancellation or delay of collections services please visit **www.stthomas.ca** or call 519-631-1680 for information.
- Please be patient. Servicing your home is our priority, but the safety of people and property always comes first.

Winter Maintenance

The City works hard to keep our roads safe and clear of snow and ice. We appreciate your patience as we work as quickly as possible to clear away snow and ice. To stay up to date during a snow event on our plowing, sanding and salting efforts or to learn more about how the City prioritizes roads and sidewalks for winter maintenance please visit **www.stthomas.ca** and click on the Winter Maintenance icon on the main page.

Be Smart with Sharps

Discarded needles and needle debris are a challenging issue for many communities. There are various reasons people use needles, whether for specific health conditions or people dealing with addiction.

For the health and safety of our community and waste collectors, needles must be disposed of in a safe manner. You should not flush needles or syringes down the toilet, nor should you put them in the garbage or recycling bin.

Bring used sharps to one of the 24- hour disposal bins located in the community.

Recycle Week

Organics Week

Feed your Green Cart not your Garbage

40% of residential garbage is still comprised of food waste, tissues, paper towel, paper cups, plates and other organic waste that should go into the green cart.

When these items breakdown in the landfill they produce methane, a greenhouse gas 20 times stronger than CO₂ and contribute to the production of leachate, which can negatively impact groundwater resources. Remember to feed your green bin, not your garbage.

What goes in your Green Cart?

Food and food scraps

If you can eat it, it goes in the Green Cart! Also toss in fish and meat bones, shells, fat, grease, baking supplies, dairy products, egg shells, coffee grounds and filters, tea bags, corn cobs and husks, and nuts and shells.

Soiled paper

Your Green Cart accepts soiled paper towels, tissues and napkins, greasy pizza boxes, flour and sugar bags, muffin paper, paper cups and plates, and paper coffee bean bags and filters.

Personal care items toss used tissues, nail clippings and hair.
(No diapers or sanitary napkins)

Pet products

Pet waste, kitty litter, animal bedding, bird seed, pet food, pet fur, feathers.

Houseplants and flowers

Leaf and Yard Waste

Leaves, grass clippings, weeds
(No dirt, sod or top soil)

Please remember Green Carts can not weigh over 91kg (200lbs). Overfilling your cart may result in refused collection.

Unacceptable Green Cart Items

Your green cart will be rejected if it contains any of the following:

- Diapers
- Sanitary napkins
- Dirt/top soil
- Sod
- Lumber
- Bricks/stones
- Plastic bags
- Dead animals
- Garbage

June 2026

Garbage is collected weekly, recycling and organics bi-weekly. Refer to the map at the front to determine your collection day and alternate A or B schedule.

Garbage

Please note the information on this page is specific to **GARBAGE** collection and is in no way related to the Green Cart Program

- Garbage is collected weekly
- Each household is allowed 2 containers of garbage/week.
(container size is outlined below. 1 large can counts as 2 containers)
- Each container and its contents can not weigh over 20Kg or 45 pounds regardless of size or how many bags fit inside.
- Residents may purchase garbage bag tags to put out more waste at \$1.75/tag

2 Containers
Max: 77 L
and 20kg

2 bags
Max: 83cm x 76cm
and 20kg

1 Container
Max: 120 L
and 20kg

Garbage Containers over 120 L or that are intended for mechanical lift are not permitted and will not be collected.

Scrape the Dishes

Don't pour fats, oils and grease down the drain!

Fats oils and grease can have a serious impact on your home and the environment. When poured down the sink, drain or toilet they can clog your pipes and our sewers

Fats, oils and grease are by-products of cooking, including butter, margarine, cooking oils, meat fats, salad dressing, sauces, gravies, shortening and lard.

Proper Disposal:

- Fats, oils and grease are organic and belong in your green cart.
- Wait from them to cool and harden and scrape into the green cart
- Use small amounts of paper towel to help wipe and absorb the liquid before placing in your green cart
- Used liquid cooking oil can also be dropped off at the CRC when the HHW building is open for free disposal.

August 2026

Garbage is collected weekly, recycling and organics bi-weekly. Refer to the map at the front to determine your collection day and alternate A or B schedule.

Community Recycling Centre Tips

When visiting the City's waste management facility please keep in mind...

- Waste facilities are busiest on Saturdays and early in the week
- Separate materials in your load; divertible materials may be free or qualify for a reduced fee (see March)
- Materials not properly sorted into the designated diversion areas cause your entire load to be charged at the mixed-waste rate of \$135/tonne
- There is a minimum fee for chargeable items; avoid coming to the facility with small loads
- Enter on the scale once it is completely clear, stop at the operator's window, and roll down your window to talk to the operator
- Declare what type of waste materials you have. If you have any questions, ask the attendant
- Drive to the designated unloading area(s) for your material type(s)
- Due to health and safety policies, children under the age of 12 must stay in the vehicle
- Prior to leaving the site, vehicles must return to the scale. The computerized weigh scale system calculates waste disposal charges
- Payment is due prior to leaving the site
- The entire site is smoke free

September 2026

Garbage is collected weekly, recycling and organics bi-weekly. Refer to the map at the front to determine your collection day and alternate A or B schedule.

Recycle Week

Organics Week

Household Hazardous Waste

Hazardous materials are harmful to humans, animals and the environment if not handled properly.

Household Hazardous Waste (HHW) is accepted every Saturday and Wednesday (excluding statutory holidays) at the CRC, where materials can be disposed of safely and free of charge.

Please ensure containers are clearly labelled, secured, and leakproof. Never combine products and keep HHW materials separate from other materials in your load, as explosive or poisonous chemical reactions may occur. HHW depot is for residential use only.

Acceptable materials include:

- Paints and stains
- Oil, transmission, and antifreeze fluids
- Batteries
- Fire extinguishers
- Oil filters and containers
- Fluorescent bulbs and tubes
- Gasoline (containers cannot be returned to resident)
- Solvents
- Swimming pool chemicals
- Pharmaceuticals
- Household cleaners
- Mercury thermostats
- Pesticides (fungicides, herbicides, insecticides)
- Fertilizers
- Propane tanks and cylinders
- Needles and syringes (in approved containers)

October 2026

LEAF AND YARD WASTE COLLECTION

LEAF AND YARD WASTE COLLECTION

Please have all of your material to the curb by 7am on your collection day.

Recycle Week

Organics Week

A photograph of a brown paper bag and a black rake on a ground covered with fallen leaves. The bag is on the left, and the rake is on the right, leaning against the ground. The background shows a brick wall and more leaves.

Leaf & Yard Waste

Extra leaf and yard waste material will be collected on designated weeks on your waste collection day.

Residents are first encouraged to mulch their leaves and spread them over the lawn or dig them into the garden to provide a source of nutrients and protection over the winter. For leftover or excess leaves residents are asked to utilize the green cart program first and then the curbside leaf collection.

Acceptable Material includes:

Grass, leaves, weeds, plants and brush (no longer than 3 feet and no thicker than 2 inches in diameter)

Acceptable Set outs include:

- Material set out in paper yard waste bags weighing no more than 45lbs
- Bundles of brush weighing no more than 45lbs and no longer than 3 feet.

November 2026

Garbage is collected weekly, recycling and organics bi-weekly. Refer to the map at the front to determine your collection day and alternate A or B schedule.

Recycling Naughty and Nice List

Over the holidays, households have more recyclables and waste from extra food containers to gift wrapping. We do appreciate the effort you put into staying green. As you fill your blue bins, take a moment to get to know what you should and shouldn't recycle and how to sort it.

Follow these tips to make recycling more beneficial for everyone involved.

1. Put gift wrap and bags in the garbage

These paper items are often coated with plastic or foil and contain lots of coloured dyes, making them non – recyclable.

2. Flatten your boxes

Please break down, flatten and bundle your cardboard boxes. Please stick to 60cm x 60cm x 20cm

3. Sorry these items don't belong in the Recycling Box

- X

 Wooden Clementine boxes
